

Brad came up with this design for the website I maintained for the Gwynedd Estates residents.

**Gwynedd Estates Residents' Association Website**

Home Menus Engagements Your Profile Directories Staff Community Services

**DUE TO COVID-19** many meetings and activities are scaled back or postponed.  
Residents who have replaced former committee liaisons or engagement coordinators should contact the webmaster to update the website content.

Click on Your Profile to register. This allows you to view all of the content.  
Most of the sticky notes on the bulletin board will reveal some useful content if you click on them. Review HELP for tech tips.  
The website was developed for floor directors to use when giving an orientation to new residents.
